It was suggested that Prof. Giguere act as secretary for the meeting. Prof. Giguere stated that he would consider the invitation in consultation with the Dean.

(8 in favour, 1 against, 1 recorded abstention)

16. It was argued that expulsion be the only possible penalty for cheating, this being the case at many of the better American universities. It was counter-argued that if this were the case, then there would be fewer charges of cheating and fewer convictions since many invigilators and panels would be reluctant to be involved in a process which would lead to expulsion. The benefits in terms of increased honesty amongst students are questionable.
17. The Chair was asked if, in view of Motion 77-11-23, a 2/3 majority was required to approve Motion 77-12-12. The Chair agreed that, as the present motion directly contradicted the intent of Motion 77-11-23, a 2/3 majority would be needed.
18. Motion 77-12-12 was voted on, but a 2/3 majority in favour was not obtained (9 in favour, 6 against). The motion was declared defeated.
19. It was noted that as a result of the above, article 15 should be deleted, and article 16 should be re-worded.
